

WANTS TO OUST HIM

Dr. Schurtz Prefers Charges
Against Dr. DeCamp

TO ST. MARK'S HOSPITAL BOARD

He Asks That the Doctor Be Removed
From the Medical Staff and
Given His License

Dr. W. H. DeCamp, a member of the medical staff of St. Mark's hospital and one of the best known and most successful physicians and surgeons in the city, is about to be brought before the investigation committee of the hospital board of managers on a complaint entered by Dr. Perry Schurtz, one of his associate members on the staff. Yesterday morning Mrs. W. R. Sibley, president of the board of managers, sent a communication to Dr. DeCamp requesting him to be present at a meeting of the staff last evening, as charges had been preferred against him. The board desired that the accusations embodied in the complaint be thoroughly investigated. Enclosed in the same envelope was a copy of the complaint submitted by Dr. Schurtz, which was in substance that the complainant had in his possession evidence tending to show that Dr. DeCamp is guilty of violating the ethics of the profession, and that he is not a proper person to have on the medical staff of the hospital. The complaint further says that Dr. Schurtz has proof in his possession that Dr. DeCamp was the author of certain articles which appeared in an afternoon paper associating him in an unfavorable manner with surgical operations performed in the hospital. He asked that Dr. DeCamp be discharged from the staff. Dr. DeCamp was present at the meeting last night as requested, but there was not a quorum present, and the matter had to be deferred until a future meeting. The accused, when seen by a reporter for the Herald last night, said he had intended to hand in his resignation some time ago, but had neglected doing so; but as this charge has been made against him he wants a thorough investigation before he steps out. The doctor is one of the pioneer residents of the city, and has innumerable friends in the profession. The trouble grows out of the sharp criticisms made last winter of the practice of surgery by some of the local surgeons.

Death of Ira B. Crane.
Ira B. Crane, for some time a well known newspaper man in Grand Rapids, died yesterday in Lansing. Mr. Crane was about 35 years old, and leaves a wife and one child. He was born in Lansing, and spent his early life in that city. After leaving school he was employed in a foundry, and soon became an expert moulder. Afterwards he was employed in one of the Lansing newspaper offices. During his residence in Lansing he was a member of the common council one or more terms, served as a member of the board of cemetery commissioners and held other important positions. He was also for some years master of one of the Masonic lodges. After leaving Lansing he worked on the Detroit Evening News and other city papers. After removing to Grand Rapids he was employed in Lamb & Co.'s commission house. When The Morning Press was founded, three years ago he became a member of the staff and remained in continuous service until forced on account of ill health to take a vacation a few weeks ago. As a police reporter he was one of the best the city has ever had. His news judgment was excellent and he rarely missed an important item. The funeral will be held at Lansing Friday. Tonight the Press club will hold a meeting and take appropriate action on his death. He was an active member of the club and every newspaper worker in Grand Rapids expresses his sincere sympathy to the sorrowing wife and friends in their hour of grief.

Snyder's Close Call.
Grant Snyder of No. 27 Miller street, a brakeman on the G. K. & I. road, was run over by a flat car at Milton Junction, but escaped with only a flesh wound. Old railroad men say the result was little short of a miracle, and wouldn't happen under similar circumstances once in a million times. Snyder went between two cars to make a coupling, and was thrown on the track. One wheel passed over his leg, but he succeeded in pulling the limb of the rail before the next wheel reached him. He walked the three car lengths to the caboose, and was brought to his home in this city. He will be all right again in a week or two, but it was a close call.

Last evening thirty members of Custer post, G. A. R., headed by Commander Coffin, marched in a body to Hibernian hall on Ottawa street from the post room and paid a fraternal visit to William Allen Smith camp, Sons of Veterans, it being the regular meeting of the camp. Midnight Operators.
Ray City, Mich., July 11.—The safe in C. Castaner's grocery on State street was blown open last night, the operators securing about \$10 for their trouble. An entrance was gained by breaking the glass in the front door. A hole was drilled in the door of the safe and dynamite was used, breaking off one hinge. After that chiefs and prize, stolen from the Michigan Central tool house near by, were used to force the door open. The noise of the explosion was deafened by wrapping coats and blankets around the safe and so no one knew anything of the affair until the proprietor opened the store this morning.

Wants the Earth.
Ray City, Mich., July 11.—Mat Wixom, proprietor of a country circus, is here, and says he is going to sue the city of Oshtemo for \$100,000 because he was arrested there on a complaint charging him with operating his circus without the necessary license. It appears that he bought a license from a city alderman who was acting in the absence of the clerk, and got it so cheap that some one decided that it was no license at all, hence his arrest. He has engaged two Ray City lawyers to handle his case.

Student in Jail.
Lansing, Mich., July 11.—Some time ago Harry Hock of Ohio, a member of the present senior class at the Agricultural college, was suspended on suspicion of having stolen some apparatus from the institution. TEETH!

Beautiful teeth are a luxury few possess.
We have heard people say they would give
everything they had for such beautiful teeth as
so and so had.

The true secret is not so much in the perfect-
ness of the teeth as in the snow like whiteness
and the brilliant polish.

All teeth are capable of this with proper care.
Washes and pastes should be avoided as they
are injurious as are also many of the powders.
A properly prepared powder, however, is the
only right and perfect thing to cleanse and pre-
serve the teeth. This we have succeeded in pro-
ducing after much labor and expense. The
formula is by one of the most noted dentists of
this country and is absolutely perfect.

SAVOIEY'S is the name we have adopted for
it, and we are the exclusive owners and
